The secession papers of the South copy the Missouri Republican's malignant report of the capture of Camp Jackson with enthusiastic gratification. The quasi secession papers of the North copy it with silent approbation. What is the difference?

Major Wood, of the 11th, was in our city yesterday and last night on a visit to his friends. His handsome undress uniform sets off his fine physique to admirable advantage. He was warmly greeted by the hosts of friends which he leaves in this city.

A correspondent of the Missouri Democrat says Secessionists in Jefferson City received the news of the capture of Camp Jackson with the utmost consternation, and with the bitterest denunciation and execration-just the way it was received by the secession sympathizers in this city.

UNION DRAGOON GUARD .- This company desire to express their thanks to the ladies of Terre-Haute and to the Hon. Dan. W. Voorhees for a seasonable supply of blankets, etc. for the comfort of this corps.

We found the process of musterng in was going on under the superintendence of Commandant Hager, and we were pleased to see that while the inspection was rather rigid, but few were found unfit for the service. On the board is the figure of a man suspended by the neck to a rope beld in a hand inscribed Union. Over the right shoulder is the inscription "Jeff. Sr. Louis, May 14.-The first four regiments of United States volunteers under the ommand of Cols. Blair, Boernstein, Sigel and Schuttner, have been formed into a Brigade under the style of the first Brigade of Missouri volunteers, and Cast in Lyon has been elected Brigadier Ocaeral, commanding. The following arms, in addition to those already mentioned, were seized at Camp Jackson. All her material interests point to this result and so important is this regarded to the great interest of the country that I venture the opinion that the whole power of the United States Government will be exerted to maintain Missouri in the Union.

Speaking of Camp Jackson, he says, the names of Davis and Beauregard marked its main avenues, that to-day men organized in interests of secessionists have been received here openly, bearing dress and badge distinguishing the army of the so-called Southern Confederacy, and he leaves the people to draw their own inferences of the character of the ultimate purpose of the encampment. He states, however, that there were many good and loval men in camp who were in no manner responsible for its treasonable character.

In conclusion he says that, disclaiming all desire or intention to interfere with the prerogatives of the State of Missouri, or with the functions of its Executive, yet I regard it my duty plainly to express to the people, in respectable but decided language, that with in the field and scope of my command, the supreme law of the land must and shall be maintained, and no subterfuge whatever, in forms of Legislative acts or otherwise can be permitted to harrass or oppress the good and law abiding people of Missouri.

After speaking of the State, he says that Commissioners, with letters of credit for fifty the u and pounds, had been sent in April to Europe to purchase the most efficient arms for the State, and he says, when Congress meets they will doubtless relieve us from paying duty thereon.

Another recommendation is the establishment of a State encampment for militray instruction. He recommends a loan to meet the expenses of the emergency and suggests that the script be partly issuable in sums of from fifty to one hundred dollars

REV. EDWARD A. WILSON. Williamsburg. King County, N. Y.

A Great Medicine for Females. lundreds of stimulants have been invented and sold purporting to be specific in the various diseases and derangements to which the delicate form of woman render her subject. The result of all these stimulants has been to impart momentary activity to the norcous system, and false vigor to the muscles; but this relief has been succeeded by a depression and prostration greater than before; and the repeated attempts of invalids to build themselves up by these fulse reme dies, have finally ended in destroying what little vital organization was left. But in using "Berhard's Holland Bitters," you will find no such disastrons results. It is purely vegetable compound, prepared on strictly scientific principles, after the manner of PLAIN AND FANCY TWEEDS. the celebrated Holland Professor, Borhave, Upder its influence, every perve and muscle receives new strength and vigor, appetite and sleep return, and finally, perfect health.
